## MNST 6152 - The Art of Mission

Experience how God speaks through the arts. This hybrid travel course traces the church's use of visual and musical art forms from the Catacombs to the various expressions arising today. Focused discussions with practitioners will discern contextual lessons about the role of art in God's mission applicable wherever God's calls and sends. Beginning with several days in Paris, we will engage with artists in ministry, then connect with international work in Lyon, ending with several days worshipping with the Taizé community. Fulfills Cultural Diversity Elective requirement in all degrees.

Costs: \$3,500 plus fees for tuition, auditing, or visiting students.
